A LETTER FROM PASTOR NICK

Jesus went from someone I had heard about to someone I knew during my first year at the University of Oklahoma. I can still feel that moment of transformation! That moment has grown into a relationship that I treasure more than anything.

Think about your own moment. Think back to that chapter in your life when Jesus became your Lord, friend, the one who would never leave you. Go Church exists to help our community get to know the same Jesus that you and I know. We recognize the value of the stories that God has written in our lives and that there are thousands more that God wants to author in our community.

We aren't just building a building. We are building stories! It is time to build a permanent home for Go Church. It is time to build a place to facilitate our mission to live local, go global, and live like Jesus. It is time to secure a home for us and a future home for all that God will bring. Together, we can make a difference. **Let's GO!**

I LOVE AND BELIEVE IN YOU!

WHAT WE'RE EXCITED ABOUT

CLARK & ANNEMARIE SCHROEDER

Seeing Go Church stepping out in faith and trusting God by building this new facility is incredible.

We can't wait to see what God does with this building!

MATT & CASEY MAURIO

We love the idea of our kids having a great, safe place to grow in their faith as they grow up!

PAUL & JULIENNE ANTONY

We want to see Go Church become the "living room" of the Central Park community!

It's time for Go Church to have a permanent home to live out our mission in this city.

DARREN & MARIA STAPLETON

We're so excited for our daughter Lucy to have a space where she gets to grow up and learn about God's love for her.

God is going to use Go Church to do amazing things in Northfield!

GIL & ANNA MANECLANG

AND THIS IS JUST THE START

BUILDING STORIES

At Go Church, we've always been about experiencing God and experiencing friendship. We've been sharing stories about why we came to Go Church, how God has moved in our lives since, and what we have been doing to serve our community and build the Kingdom for seven years now! It's time for all of us and our stories to have a permanent place to facilitate more new stories! That is why we decided it was time to have a **Go Church building**.

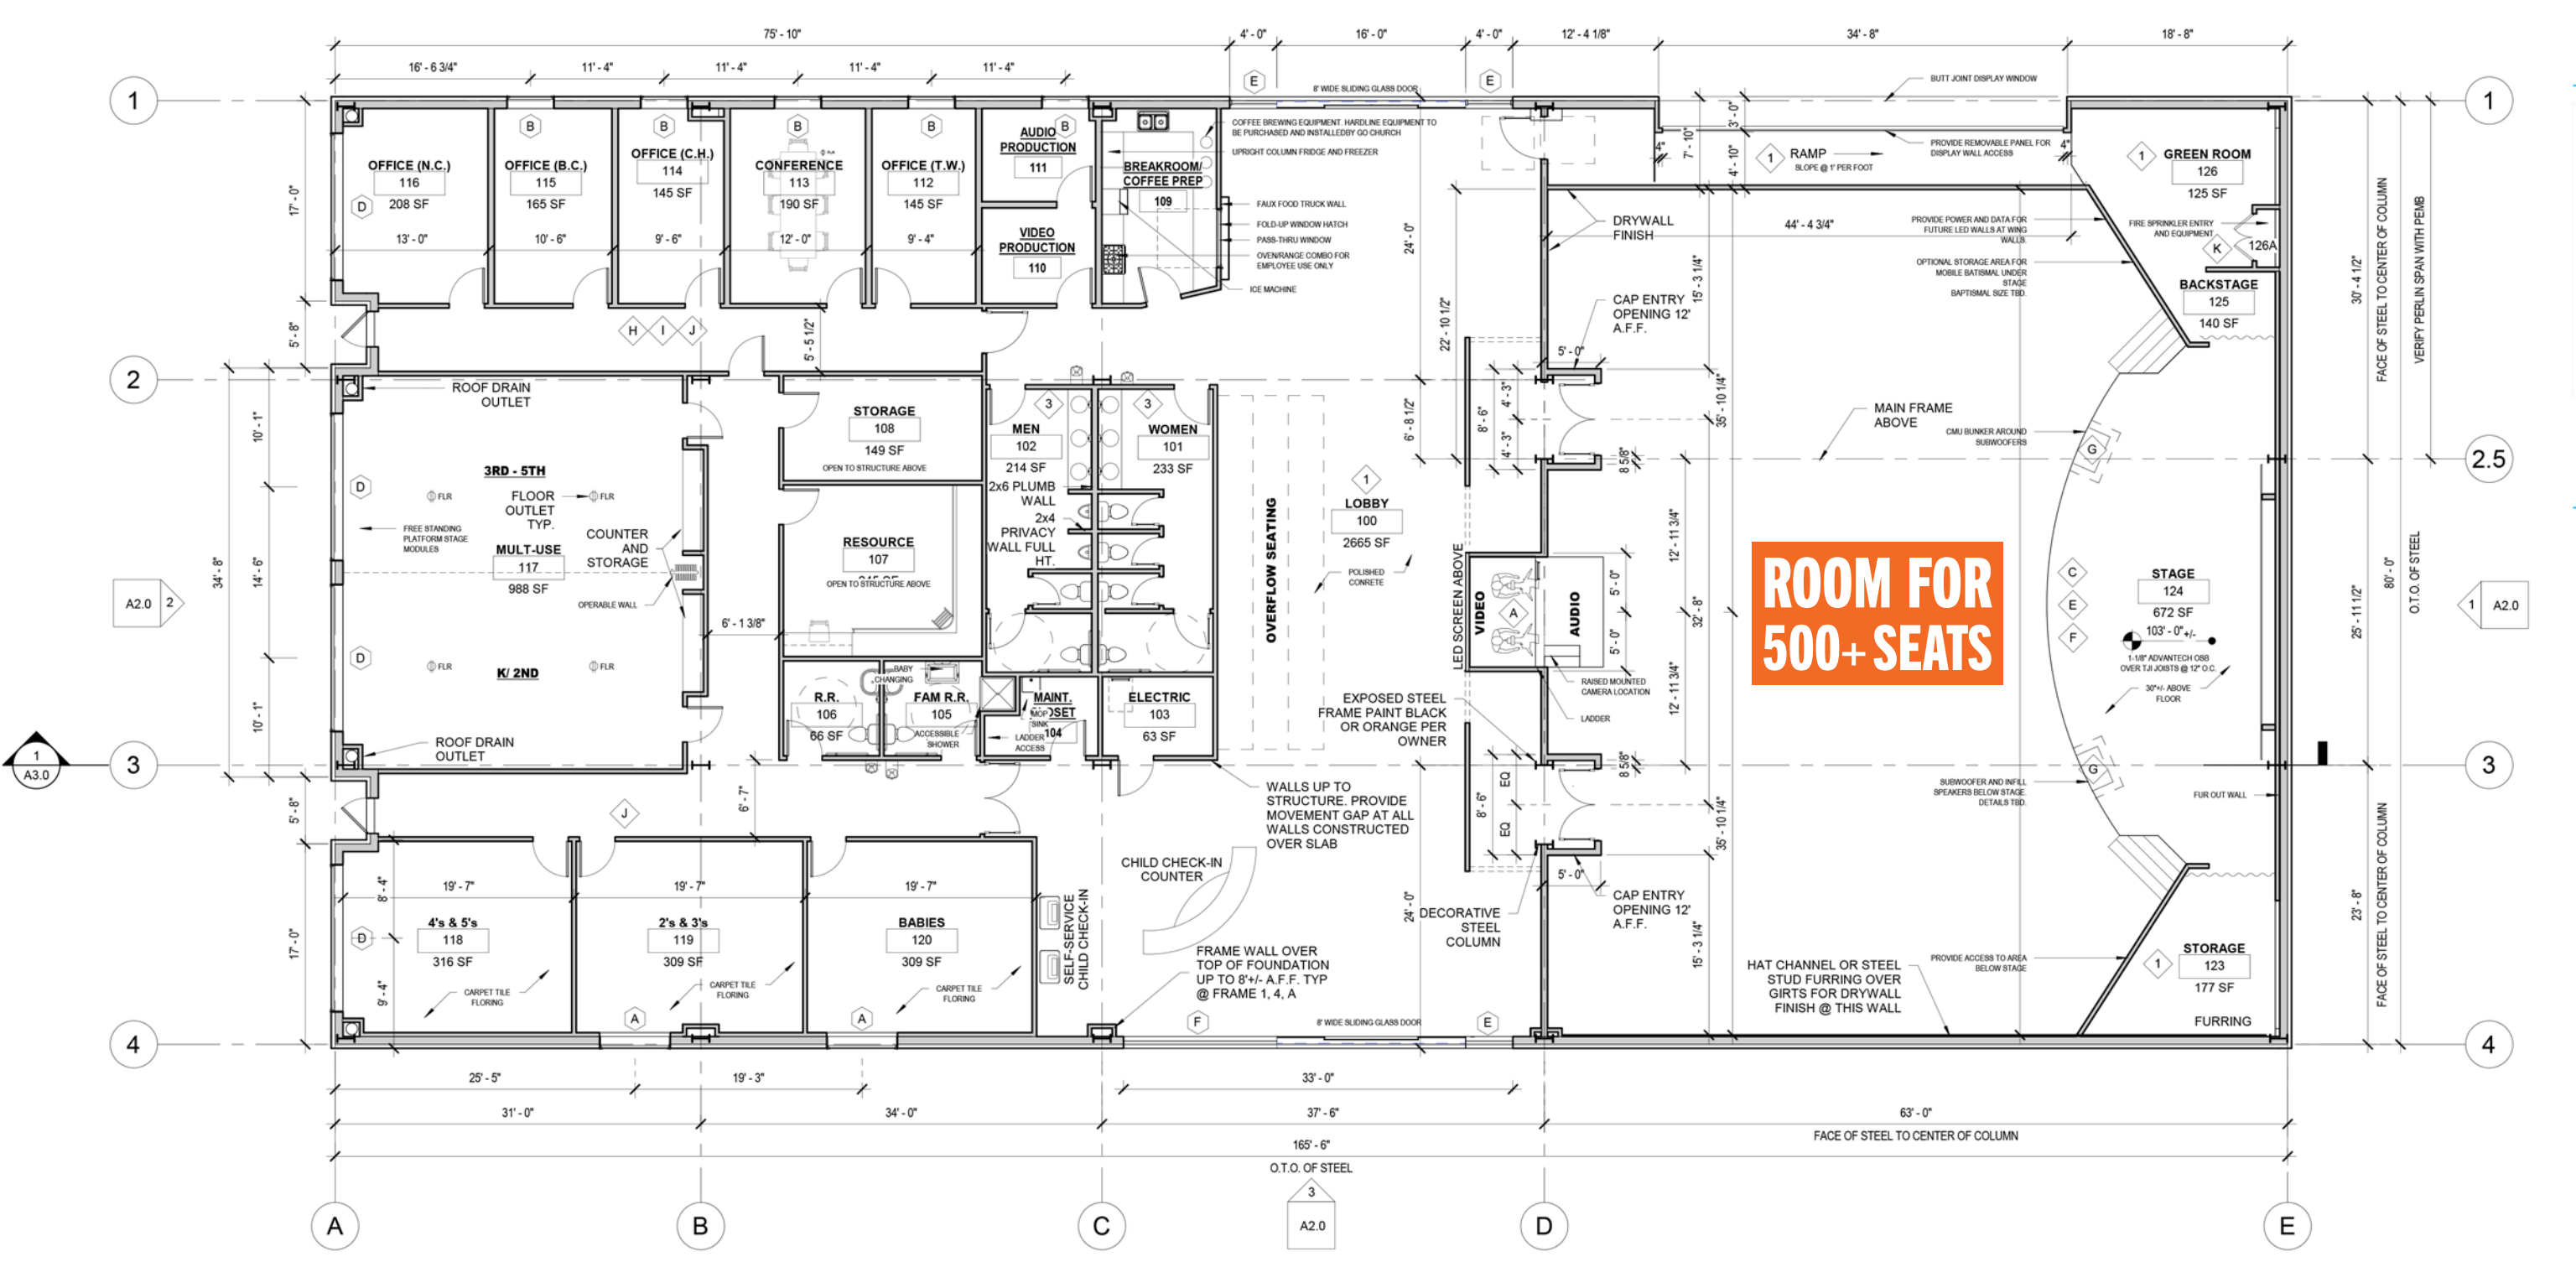

WHY DO WE NEED A BUILDING?

Since the beginning, Go Church has met in an apartment, a library, a school auditorium, and two retail spaces, and now, finally, we are building our own facility! We feel incredibly blessed to have served our community in many ways throughout the years and are excited to have a place that will facilitate ministry opportunities, community engagement, worship, service, and **growing the Kingdom of God**.

A major win will be having our adult, student, and kids ministries all on the same campus for Sunday Worship Experiences! We cannot wait to be all under one roof, experiencing God and friendship together. Building and paying off the facility will help us model stewardship and enable more finances to be invested into our mission to live local, go global, and live like Jesus.

GO CHURCH

“My wife, Brooke, and I love Go Church! It’s such an encouraging and uplifting group of people! The music is contemporary and modern with a great band, and Pastors Nick and Becky are both amazing people! The messages are relevant, funny, and practical. The staff is dedicated to kids, teenagers, and adults alike. You should check it out!”

BILL & BROOKE CARSON

IP.” “EXPERIENCE GOD. EXPERIENCE FRIENDS!

“We moved from New York City and were looking for a new church home. Go Church was highly recommended by the community. We went as soon as we arrived in Denver and never looked back! Pastor Nick’s messages are always on point, and the worship music is terrific. Child care is provided, and our kids always share the lessons they learned at Go Kids on our drive home. The community is top-notch, and they made us feel welcome from the start!”

GO KIDS CHECK-IN

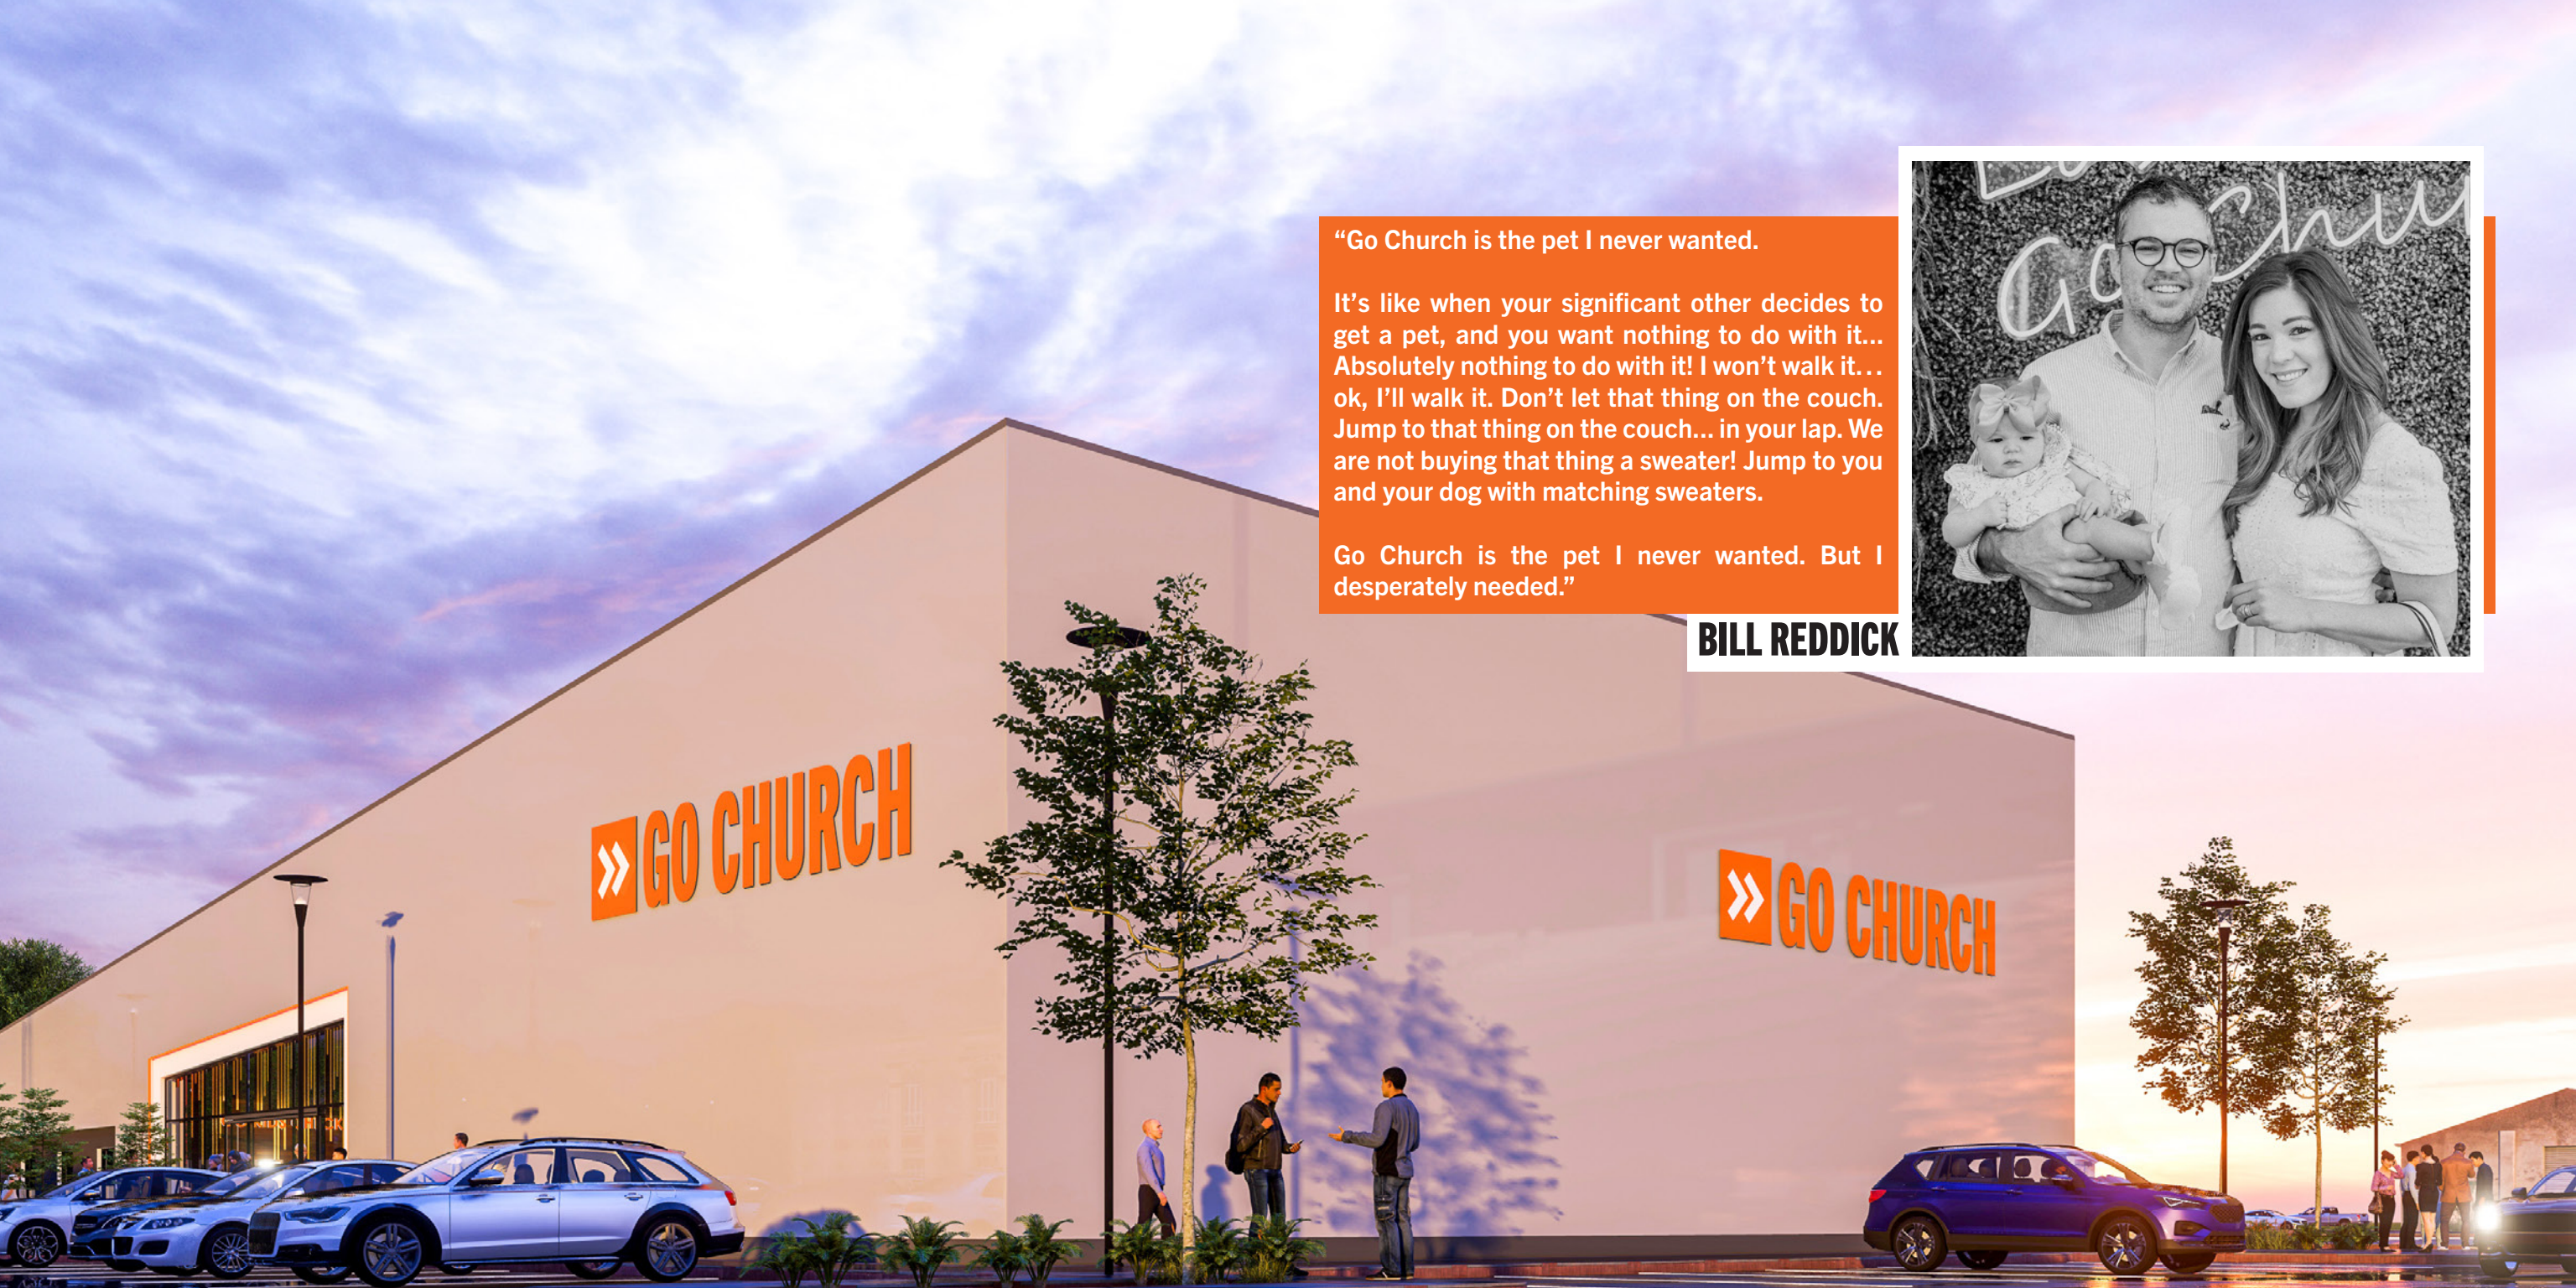

Go Church has been our home church now for almost a year and a half, and we love it! Nick and Becky and the entire staff are genuine, caring individuals who make a difference in people's lives. If you feel on the fence about coming to church for whatever reason, I encourage you to check out Go Church! It's a church for everyone to come together, learn and grow! Go Church is a real blessing to me and my family.

LIVE LOCAL. GO GLOBAL. LIVE LIKE JESUS.

“Go Church is the pet I never wanted.

It’s like when your significant other decides to get a pet, and you want nothing to do with it... Absolutely nothing to do with it! I won’t walk it... ok, I’ll walk it. Don’t let that thing on the couch. Jump to that thing on the couch... in your lap. We are not buying that thing a sweater! Jump to you and your dog with matching sweaters.

Go Church is the pet I never wanted. But I desperately needed.”

NUMBERS AND STRATEGY

OUR GOAL: 2.3+ MILLION DOLLARS OF **NEW MONEY GIVEN BEFORE MAY 2025**

OUR TIMELINE: **BREAK GROUND SPRING 2024, OCCUPY 8 MONTHS LATER**

THE PLAN:

We will secure a construction loan and build the building. After moving in, we will reallocate our current facility costs and adjust our budget. We are preparing to finance between 3-4 million dollars and anticipate paying off the facility as soon as possible. If we raise over 6.3 million before May 2025, we will pay off the building, give to missions in Kenya and Congo, explore other locations for Go Church growth, and strategically deliver on our mission - to live local, go global, and live like Jesus.

THE EXPENSES:

LAND: \$1,200,000 (.83 acres, with shared parking, purchased for \$1.5M)
BUILDING: \$4,600,000 (\$343 / square foot)
FURNISHINGS: \$500,000 (audio, video, lighting equipment, chairs, etc.)
Total Cost: \$6,300,000

The space we have designed will be able to host small, medium, and large groups. We will have a flexible space that will enable us to offer all types of ministries that our current facilities struggle to accommodate. The staff and leadership of Go Church are always dreaming and planning new ministries to offer once our building project is complete. In the end, we will have space to build ministries and serve our community in ways that we haven't even envisioned yet!
